

## **CARAVELA - Associação para a Cidadania Europeia**

### **ACCREDITATION - ERASMUS+ KA151 - 2025 - YOUTH MOBILITY**

#### **Discovering Europe Through Active Youth Citizenship - 2025**

**30 October 2025 - 4 November 2025**

### **PRESS RELEASE**

This is an ACCREDITATION - ERASMUS+ KA151 project, in which CARAVELA, as the PROMOTING organisation, aims to reach the target group for accreditation, i.e. young people aged between 14 and 30 with fewer opportunities who live in rural areas, encouraging their participation and involvement in the European project.

As such, this ERASMUS+ youth mobility programme was created between 30 October and 4 November 2025 in the city of Porto (Portugal), with participants from six European countries (PORTUGAL, SPAIN, HUNGARY, CZECH REPUBLIC, ITALY and POLAND).

Twenty-seven young people aged between 18 and 30 participated in the youth mobility programme, together with six adult group leaders, with no age limit, one for each group.

This project aims to respond to the needs identified in the Accreditation and by the partners that make up the project consortium, which are directly related to young people's apathy towards European issues, as well as the lack of active European citizenship among young people in general, with an emphasis on those with fewer opportunities. Several non-formal education activities related to European citizenship and the EU itself were carried out, as well as several visits to the territory and cultural activities.
